At Maharaja Marquees We Cater For All Your Corporate Marquee Hire Requirements

Our wide selection of Clear span marquees can hold anything from 18-1000 guests. Clear Span marquees are without a pole in the middle, thus allowing a clear

view of the entire marquee. The marquee then allows for more flexible space planning. Clear span marquees also enable different size marquees to be connected

giving us opportunities to create a bespoke marquee as our clients would want.

“ Best New Year’s Eve bash ever!
Thank you so much to everyone
at Maharaja Marquees, your
marquee was simply amazing!
Everyone commented on how
amazing the marquee looked!
Thank you again. ”
